### **PLEASE ENSURE...**

- Artwork is correctly sized with the required amounts of bleed
- All colours are CMYK or Greyscale (no RGB or Spot colours)
- All fonts are embedded or converted to curves
- All transparency effects have been flattened
- There are no low resolution images
- PDF files are version 1.5 or less
- Dielines have been removed

We recommend borders and type are kept 5mm inside the finished size, as variations of up to 1mm in each direction can occur.

Artwork not meeting these specifications may produce unwanted results or cause delays in production due to new artwork being required.

We do not correct, modify or proof read your artwork.  
All files are printed as supplied to us.

***Artwork may be supplied as  
PDF (version 1.5 or lower),  
TIF or JPG (600 - 800 dpi recommended),  
EPS or Corel Draw.***
